2441 - MENTAL HEALTH SERVICES REVIEW

Ms SONIA HORNER (Wallsend):

That this House:

Notes that a panel of mental health experts held a consultation in the Hunter on 15 August 2017 as part of New South Wales' acute mental health services.

Considers that mental health services are vital and are under increasing pressure in Wallsend as more local people access them.

Calls on the Minister for Mental Health to ensure that the Government enacts the recommendations of the review.
