

PARLIAMENT OF NEW SOUTH WALES
LEGISLATIVE ASSEMBLY

FIRST SESSION OF THE FIFTY-SIXTH PARLIAMENT

Notice of Motion

2 August 2017

2242 - BRAIN CANCER

Ms SONIA HORNERY (Wallsend):

That this House:

Notes that brain cancer has the highest cancer mortality rate in children under 15 years and adult over 39 years, and is the least understood and most underfunded of all cancers.

Notes that The John Hunter Children's Hospital is one of three children's hospitals in New South Wales and operates the Children's Cancer and Haematology Service, a key resource for young people battling cancer.

Urges the Minister for Health to support vital research into this deadly illness.
