

PARLIAMENT OF NEW SOUTH WALES
LEGISLATIVE ASSEMBLY

FIRST SESSION OF THE FIFTY-SIXTH PARLIAMENT

Notice of Motion

5 April 2017

1913 - WALLSEND FAMILY BUDGET IMPACTS

That this House:

Notes the recent decision of the Fair Work Commission to reduce penalty rates for low paid workers in Walsend.

Notes the Government has supported these cuts to families who are already struggling with their household budgets and are worried about how they will make ends meet.

Calls on the Government to address the increasing cost of living in New South Wales, which is adding stress to these families in the Walsend electorate.
