

PARLIAMENT OF NEW SOUTH WALES  
LEGISLATIVE ASSEMBLY

**FIRST SESSION OF THE FIFTY-SIXTH PARLIAMENT**

**Notice of Motion**

---

20 September 2017

**2419 - POWER PRICES**

**Ms SONIA HORNERY (Wallsend):**

That this House:

Considers that half of all Australian households are being overcharged by up to \$587 a year on power bills.

Notes that power companies can attract customers with lower prices and then swap them to higher priced contracts after 12 to 24 months, putting further financial pressure on Wallsend families.

Calls on the Minister for Energy and Utilities to monitor the contracts and prices being offered by power companies.
