**Notice of Motion**

**1875 - JOHN HUNTER HOSPITAL ROAD NETWORK**

That this House:

Notes since the Government cut the John Hunter Hospital Park and Ride Shuttle Bus Service in 2015, the road network around the John Hunter Hospital has become increasingly gridlock.

Notes staff, patients and visitors face delays of up to one hour when trying to exit the hospital car parks.

Calls on the Minister for Roads to ensure that a full John Hunter Hospital Interchange is built as part of the Newcastle Inner City Bypass Stage 5 to help ease the gridlock.
