

# RESTORE ESSENTIAL BUS SERVICES

To the Honourable the Speaker and Members of the Legislative Assembly of the New South Wales Parliament.

The petition of the people of NSW brings to the attention of the House the failure of the recent changes to the Newcastle Transport network.

Despite being promised a world class transport system, the new network is in chaos and has left many residents with longer journey times, more changes and no improvements in frequency, which will further disadvantage our community.

The undersigned petitioners therefore ask the Legislative Assembly to call on the Minister for Transport to intervene and demand Keolis Downer urgently reviews the whole network.
