BERESFIELD POLICE STATION

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales in Parliament assembled.

The Petition of residents of Beresfield and surrounding suburbs brings to the attention of the House their concerns about reduced police presence in Beresfield and the limited opening hours of Beresfield Police Station. In 2009 in response to community concerns, the opening hours were increased from one day a week to two days a week, and residents were informed that an assessment would be undertaken by police. The opening hours have since been reduced again to one day a week.

The undersigned petitioners therefore ask the Legislative Assembly to ensure that

a) Beresfield Police Station becomes a full time police station
b) Local police presence in Beresfield increases
c) There is extensive community consultation by police when making assessments of opening hours and police presence in Beresfield
